Meet with your Academic Advisor and Obtain Your PIN before leaving for Summer Break

- All undergraduates must meet with their advisors and be cleared for registration prior to being able to register. Many programs have complex degree requirements or require that courses be taken in sequence. Your advisor will help you plan your academic program accordingly. Prior to your advising appointment, you should be aware of any special authorizations or prerequisites to courses you are considering taking.
- You are also encouraged to review your [CAPP degree audit](#) prior to visiting with your advisor.
- **Check Course Prerequisites**
 - Students are responsible for being aware of any prerequisites. Students should make sure they have the prerequisites to take the courses they have chosen. All academic departments block registration for their undergraduate-level courses to students who have not met prerequisites. See the current Undergraduate Bulletin for more information. Graduate-level courses do not check for prerequisites.
- **Check for Holds**
- Students with holds on their record will not be permitted to register until Holds have been cleared. Holds can be viewed in BANNER
- Access [Bulldog Connection](#) and begin registration

Time Conflicts - You will not be allowed to register for courses without completing a Time Conflict Form.
