Greetings Bulldogs!

Welcome back to South Carolina State University! We are excited to have you return for the 2022 – 2023 Academic Year. I hope you had a restful and safe summer, and that you are now ready to continue your educational pursuit. We have worked very hard to make certain that this will be among your best year ever. When you arrive on campus, what you will find is *progress* as we work to create an even better SC State experience for you.

We held Summer School fully online in an effort to enhance the campus and grounds. Several maintenance and expansion projects were made possible through \$33M in funding from the State of South Carolina. Upon your return, you will notice enhancements to the Residence Halls, upgrades to academic buildings, and HVAC repairs. As you move about the campus this Fall, there will be increased security with more campus lighting and security cameras installed throughout the campus.

In addition, the \$20 million expansion of the K.W. Green Student Center and \$10 million renovation to Truth Hall will commence this Fall. Very important to student success and customer service, we are working diligently to upgrade technology. We have a consultant team on campus that will make the necessary technological enhancements.

We are expecting a record freshman class this fall with over 1,000 freshmen. Given the number of dormitories and beds, it is critical that all students secure room assignments as soon as possible or explore off campus housing due to limited beds. Make sure you have completed your FAFSA and/or secured your tuition payment and that you have registered for your appropriate classes. When students take care of this business early, it results in a smoother process for all.

As you can see, your institution has been very busy, but there is still more to do. After many years, we are finally making the campus improvements that you deserve. We ask for your patience and understanding as we continue upgrades, renovations, and construction which is positive progress to our campus.

Again, we welcome you back and look forward to serving you!

Sincerely,

Alexander Conyers
13th President

BRIEF HISTORY OF SC STATE

Founded in 1896 as the state's sole public college for black youth, SOUTH CAROLINA STATE UNIVERSITY has played a key role in the education of African-Americans in the state and nation. As a land-grant institution, it struggled to provide agricultural and mechanical training to generations of black youngsters. Through its extension program, it sent farm and home demonstration agents into rural counties to provide knowledge and information to impoverished black farm families.

The University has educated scores of teachers for the public schools. It provided education in sciences, literature, and history. The support of the Rosenwald Fund and the General Education Board helped the institution survive the Depression. After World War II, the state legislature created a graduate program and a law school at SOUTH CAROLINA STATE UNIVERSITY to prevent black students from enrolling in the University of South Carolina's graduate and legal education programs. The legislature also dramatically increased funding at the college in an effort to make "separate but equal" a reality in higher education in South Carolina. During the 1950s and 1960s hundreds of S.C. STATE students participated in local civil rights demonstrations and were arrested. In 1968 three young men were slain and 27 wounded on the campus by state highway patrolmen in the Orangeburg Massacre.

Since 1966, S.C. STATE has been open to white students and faculty, but it has largely retained its mission and character as an historically black institution. In 1971, the agricultural program was terminated and the college farm was transformed into a community recreation center consisting of a golf course as well as soccer and baseball fields. Today there are nearly 5000 students majoring in a wide range of programs

that include agribusiness, accounting, art, English, and drama as well as fashion merchandising, physics, psychology, and political science

STUDENT ORGANIZATIONS

STUDENT GOVERNMENT ASSOCIATION

Students are elected to help guide the direction of the University through membership in the Student Government Association (SGA). The SGA is comprised of undergraduate students of SC State. The purpose of the SGA is to develop a cooperative spirit among students; to promote self-development through personal expression, communication and leadership; and to act as an intermediary between the administration and students in matters of general welfare.

The Executive Branch of the Student Government Association consists of the President of the SGA, the other elected executive officers, appointed committee chairpersons, and class presidents.

The Legislative Branch of the Student Government Association is the Student Senate. The membership of the Senate is composed of five student senators elected from each of the four classes and five non-voting representatives. The Vice President of the Student Government Association serves as President Pro Tempore of the Student Senate.

All students are encouraged to become involved in the Student Government Association. For information, visit the Student Government Association Office at K.W. Green Student Center or call (803) 536-7149.

ADVISORS TO STUDENT ORGANIZATIONS

Each student organization is required to maintain an advisor who is a full-time employee of SC State. An organization may have more than one advisor; however, each advisor must sign an Advisor Consent Form during the annual registration process and be approved by the Office of Student Life and Leadership.

At least one (1) advisor must be present at all organization functions, to include meetings that the group is participating in. It is also mandatory that all regularly scheduled meetings are held on campus at an approved location. The advisor's responsibility is to counsel and advise the officers and members of the organization in all matters of management, operations, and programming.

Advisors are generally selected by the members of the organization; however, the Office of Student Life and Leadership will provide assistance to an organization seeking an advisor. Organization advisors are approved by the Vice President for Student Affairs.

ANNUAL REGISTRATION OF STUDENT ORGANIZATIONS

To be recognized officially by the University, all chartered student organizations must complete an annual registration process. Annual registration affords the student organization the privilege to conduct approved fundraisers and to reserve campus facilities for meetings, programs, and activities, as well as any other privileges and recognition given to student organizations as part of the university community, during the course of the year.

The deadline for student organizations to pre-register for the academic year is July 1st. Registration must be completed by September 30. An organization's failure to register by that deadline will result in loss of privileges to operate on the university campus.

The registration process includes submission of the following forms/reports:

*****NOTE:** A MANDATORY meeting of all student organizations will be held each Fall and Spring Semester. One advisor, two officers, and one member must be present.

ANNUAL REPORT

An evaluative summary of the organization's activities during the previous year.

ANNUAL REGISTRATION FORM

A form providing names, local/campus addresses, email addresses, and telephone numbers of key organizational officials and other pertinent information that will facilitate effective communication with the organization throughout the year. Organizations are expected to update this information as changes occur.

MEMBERSHIP ROSTER

A listing of all active members of the organization for the year. This form should be updated as membership increases/decreases.

NOTE: All student organizations must have a minimum of ten (10) members enrolled at the University unless a special waiver is granted. All members must maintain a 2.3 grade point average.

OFFICERS ACADEMIC/FINANCIAL CLEARANCE FORM

All officers of a student organization, except first semester freshmen, must maintain a cumulative 2.5 grade point average and be in good financial and disciplinary standing with the University to maintain the officer position. Student Government Association Officers and Campus Activities Board Officers must maintain a minimum semester and cumulative 3.0 grade point average and be in good financial and disciplinary standing with the University. Pan-Hellenic Council Organization Officers must maintain a 2.7 grade point average.

The Officers Academic/Financial Clearance Form is a form that students must circulate to obtain signatures from University officials in determining their eligibility to serve as an officer.

REQUEST FOR WAIVER FORM

The Request for Waiver Form is a form to be completed and submitted by organizations that do not meet the minimum membership and/or advisor eligibility requirements. All forms/reports should be completed and submitted to the Office of Student Life and Leadership in K. W. Green Student Center. Student organizations that fail to meet the annual registration deadline must submit a special request for consideration of late registration to the Office of Student Life and Leadership.

CHARTERING STUDENT ORGANIZATIONS

When students wish to organize for a specific purpose or to accomplish certain goals, they are encouraged to seek a charter as a duly recognized student organization of SC State. Chartered organizations are afforded the privilege to be recognized as a part of the official university community; to be listed in the student handbook; to conduct approved fundraisers; and to reserve campus facilities for meetings, programs, and activities.

Prior to seeking a charter, students involved in the proposed organization should consult with the Director of Student Life and Leadership or a designee to discuss the proposed organization's statement of purpose; to determine whether a chartered organization with the same purpose already exists; and, if it is determined that no such organization exists, to discuss the procedures and guidelines for chartering the organization.

Following the consultation, the proposed organization may be issued a letter of temporary approval for the proposed group to reserve space on campus and to organize until the necessary forms to seek a permanent charter have been submitted and approved. The temporary approval is revoked after sixty (60) calendar days from the date of issue.

REQUIREMENTS FOR SEEKING AN ORGANIZATION CHARTER

To seek a permanent charter as a student organization, the proposed group must:

1. Complete and submit a Petition for Charter form.
2. Submit a copy of the proposed organization's constitution and bylaws. The structure of a student organization is decided solely by that organization, provided it abides by the Student Code of Conduct and other university rules and regulations and applicable state and federal laws.
3. Have at least 10 members who are duly enrolled students at SC State at the time the charter is granted with a 2.3 semester and cumulative grade point average (GPA).
4. Submit a completed Advisor Consent Form for each faculty/staff advisor of the proposed organization. The advisor(s) must be full-time employee(s) of SC State at the time the charter is granted.
5. Submit a Registration Form for Student Organizations providing information about meetings and officers.
6. Submit a completed Academic/Financial Clearance Form to determine the grade point average and financial and disciplinary eligibility of the officers of the proposed organization.

STEPS TO CHARTERING

1. All required forms and information should be filed with the Office of Student Life and Leadership no later than November 1 of the fall semester or no later than March 1 of the spring semester. No petitions for charters are accepted during intercessions or summer sessions.
2. The petition (including all submitted information) is reviewed by appropriate staff of the Office of Student Life and Leadership. The Office of Student Life and Leadership may request additional information, clarification, or adjustments to the petition, as appropriate. Recommendation for recognition from the Director of Student Life is required for further action.
3. The Petition for charter and constitution are forwarded to the Student Senate for review. Approval by vote of a senate majority is required to move forward.
4. The Petition and constitution are then forwarded to the Student Government Association President for approval and signature.
5. The Petition and constitution are then forwarded to the Vice President for Student Affairs for final approval and issuance of the charter.

PAN-HELLENIC COUNCIL

ADVISORS TO PAN-HELLENIC COUNCIL ORGANIZATIONS

Each Pan-Hellenic organization is required to obtain at least (2) advisors to work with the undergraduate chapter at SC State. It shall be mandatory that both advisors are members in good standing financially and otherwise with the local Orangeburg chapter. It is preferred, not required, that the primary advisor be a University employee. Should a local chapter not exist, undergraduate chapter executive officers may suffice upon approval of the Director of Student Life and Leadership. It is required that the advisors successfully complete the organization's Advisor Training requirements. A certificate of completion for each advisor must be on file in the Office of Student Life and Leadership.

Each advisor must also sign an Advisor Consent Form during the annual registration process that must be approved by the Office of Student Life and Leadership. At least one (1) advisor must be present at all functions organized and attended by members of the organization. It is also mandatory that all regularly scheduled meetings are held on campus at an approved location.

MEMBERSHIP INTAKE

Pan-Hellenic Council fraternities and sororities are an integral part of campus life at SC State. These organizations contribute significantly to the quality of student life through their missions and founding principles of leadership, team building, community service, and academic excellence.

Since these qualities are also expected in student development, SC State requires these organizations to uphold the high standards of the University and abide by all applicable university policies and regulations governing their behavior.

It is understood that Membership Intake is a vital and ceremonial part of fraternal organizations. In addition, Membership Intake, as developed by each of the respective organizations, is designed to be a valuable educational process that is free from negative, destructive, or violent behavior. It is mandatory that an advisor be present at all meetings. Meetings without an advisor are in violation of the University's policy, and participating student(s) are subject to judicial proceedings.

All students interested in seeking membership in a Pan-Hellenic Organization must participate in an Anti-Hazing Workshop. This meeting announcement will be posted on the activity calendar and SC State Pan-Hellenic Council website. As a part of the eligibility criteria at SC State, students must attend this workshop to be considered for membership in Pan-Hellenic Organizations.

PROCEDURES AND GUIDELINES FOR PAN-HELLENIC ORGANIZATIONS

Membership Intake for Pan-Hellenic Council Organizations at SC State for the Spring Semester of each year will be communicated by the Office of Student Life and Leadership. All activities, dates, and locations up to and including intake, as well as post-intake activities (i.e., education/training, "new member presentations"), must be included in the membership intake package provided to the Office of Student Life and Leadership. All membership intake activities, including, but not limited to, "new member presentations" and education and training, must be listed on the organization's calendar.

No student should engage in a formal or informal interest group, pay fees, or perform any assignments prior to written approval from the Office of Student Life and Leadership.

Any organization requiring special consideration must submit a written request to the Director of Student Life and Leadership.

After an Organization has received written approval to participate in intake, immediately following the recruitment/selection phase, each organization must submit a copy of the Academic/Financial Clearance Form signed by each prospective member. No student should be allowed to proceed in the membership intake process until he/she has been cleared academically, financially, and judicially by the University.

All activities must be scheduled on Facility Usage Forms signed by the chapter president and advisor and approved by the Office of Student Life and Leadership. Activities not included as a part of the Membership Intake calendar will not be approved.

A student must meet the following minimum SC State requirements to be eligible for Membership Intake:

1. Be registered as a full-time student at SC State at the time he/she is being considered for membership intake.
2. Have earned a minimum of 30 credit hours. Transfer students must have completed a minimum of 30 hours at SC State.
3. Have a semester and cumulative grade point average required by the Pan-Hellenic organization of choice regarding membership intake for the semester as well as cumulative and maintain through graduation to remain active.
4. Be free of debt to the University.
5. Be in good disciplinary standing.

No membership intake activities shall be scheduled during official examination periods and/or University recognized holidays. There shall be no membership intake activities from 11pm to 8am or during class hours of 8am-5pm. All membership intake activities shall be conducted on campus. If any membership intake activities are scheduled off campus, special permission must be granted by the Office of Student Life and Leadership prior to the beginning of the activity.

Only active members of the SC State Chapters of the organization (enrolled undergraduate students in good standing) may participate in the Membership Intake process. Active members and/or advisors are expected to report any violations to the Office of Student Life and Leadership and/or University Police.

Members and advisors are expected to adhere to all university policies and applicable laws. Violations should be reported to the Office of Student Life and Leadership and/or University Police immediately.

All current members of student organizations who anticipate a membership intake process or an initiation of new members must attend an Anti-Hazing Workshop sponsored by the Office of Student Life and Leadership prior to the beginning of any programs or activities.

Each organization is required to give each person attending its recruitment activity a copy of the University's Hazing Policy. Copies may be obtained from the Office of Student Life and Leadership.

Violations of new member guidelines will result in disciplinary action including, but not limited to, probation, suspension, revocation of charter, and individual expulsion. Visitors will also be reported to local authorities.

MEMBERSHIP INTAKE PROCEDURES FOR NATIONAL PAN-HELLENIC ORGANIZATIONS

Article I

Section 1. Student organizations conducting membership programs are bound by all University policies and procedures. University policies supersede policies set forth by national headquarters or sponsoring entities for all organizations. An exception may be made in circumstances in which the national or sponsoring entity's policies are more stringent than, but do not conflict with, SCSU policies.

Section 2. Organizations may not conduct more than one membership/intake program per academic year. All organizations that desire to have new member intake activities, must submit a "Membership Intake Request Form," which is on file with the Office of Student Life & Leadership. This form includes a description of the anticipated "membership/intake activities," the proposed duration of the intake period as well as hourly limits per day of such activities. (NPHC Greek Organizations can only conduct Membership Intake Practices during the spring semester.)

Section 3. To become a member of a fraternity or sorority, a student must be enrolled full-time at South Carolina State University; have completed 30 hours at South Carolina State University (excluding remedial and developmental hours); and he/she must have a cumulative grade point average of 2.50 (excluding remedial and developmental hours).

Section 4. Student organizations performing membership programs must submit for approval the "Organization Membership Intake Anti-Hazing Compliance Form" to the Office of Student Life & Leadership along with a "Membership/Intake Bill of Rights/Statement." This Statement shall include a description of the expectations of students entering the program by the organization and a guarantee against hazing, physical abuse, brutality of a physical or emotional nature, and interference with the academic work of the student. Further, it must be stated that refusal to submit to hazing and other prohibited activities will not jeopardize the prospective member's eligibility for membership in the organization. The statement shall be filed by the organization with the Office of Student Life & Leadership prior to the beginning of membership/intake activities.

Section 5. All meetings and activities of any membership/intake group must be held in the presence of an approved advisor. Any activity conducted without an advisor present is considered unofficial and will result in immediate cease and desist of all organization and membership activities until further notice.

Section 6. Any informational, interest meetings, meet-and-greets, etc. that begin the membership intake process must have a Student Affairs staff member scheduled to present on related topics and the Anti-Hazing Policy and to ensure attendees sign the "New Member Anti-Hazing Compliance Form." No student can be an official member of an organization unless he or she has signed and submitted the "New Member Anti-Hazing Compliance Form."

Section 7. The Membership/Intake process shall only be held from February 1st - March 31st (including Neophyte Presentations). Initiation ceremonies, activation ceremonies, pinning ceremonies, officer inductions, etc., must be held in the presence of the organization's advisor(s).

Section 8. Student organizations are responsible and accountable to the University for the actions of its membership in upholding and adhering to University regulations governing campus student organizations. All activities of prospective members shall be carried on in such a manner so as not to interfere with the academic work of the student. These activities must not include hazing and brutality of a physical or emotional nature. No organization, member, aspirant, or advisor shall conduct or condone hazing activities. Permission or approval by a person being hazed does not abrogate this mandate.

Section 9. Some examples of activities that constitute hazing and are prohibited: a) forced consumption of alcohol, special drinks and foods; calisthenics (push-ups, running, squats, etc.) “road-trips”; paddling; dropping off candidates to find their way back; line-ups (lining up candidates and harassing them verbally); doing personal favors for members. All membership/intake activities must follow the hazing policies and other policies of the University and applicable law(s).

All postings, including fliers, hand bills, banners, graphic designs, social media announcements, news and media submissions, electronic announcements, campaign materials, and posters must be reviewed and approved (stamp-approved) by the Office of Student Life and Leadership prior to the posting and/or electronic dissemination of such materials. Violations of these guidelines may result in the revocation of the posting and/or the cancellation of the event.

DISTINGUISHED GUEST SPEAKERS

In keeping with the role of the University as an intellectual environment where a variety of viewpoints can be presented for discussion, examination, and review, SC State encourages student organizations to extend invitations to distinguished speakers to appear on the campus. The University recognizes, too, that the appearance of distinguished guests to the campus may require additional measures to ensure both the protection of the speaker and the well-being and safety of university students, faculty, and staff.

The University also recognizes the rights and responsibilities of students, faculty, and staff to participate in these special events. While acknowledging the rights of assembly and free speech, the University reserves the right to control the environment by time, manner, and place restrictions in order to provide for the well-being of all persons.

The University makes clear to the academic and larger community that the appearance of any speakers on the campus of SC State does not imply the endorsement or approval by the University of the views expressed by the speaker or the sponsoring organization.

PROCEDURES FOR INVITING DISTINGUISHED GUESTS

Invitations to guest speakers shall not be offered prior to receiving approval and authority from the Vice President for Student Affairs. As soon as possible prior to extending a formal invitation to a distinguished guest speaker, but no later than two weeks prior to the proposed event, groups must submit a completed Facility Usage Request Form to the Office of Student Life and Leadership or appropriate designee to request university space for the proposed event. As an attachment to the Facility Usage Request Form, the group should provide written notification of its intent to extend an invitation to a distinguished guest speaker. The written notification must include:

1. The name of the sponsoring organization and the name of the speaker to be invited;
2. The proposed topic of the lecture, speech, or address; and
3. A brief biographical sketch of the proposed speaker.

Approval of the request may be denied if it is determined that the speaker's appearance poses a potential threat for unlawfulness or will not be in the best interest of the University. Decisions of the Director of Student Life and Leadership may be appealed to the Vice President for Student Affairs.

FACILITY USAGE REQUESTS

The facilities of SC State are designed primarily to support the academics, activities, and meetings of the students, faculty, and staff of SC State. Priority for use of university facilities is given in the following order:

Student organizations may not reserve space for any events in the next academic year until registration as a recognized student organization has been certified by the Office of Student Life and leadership. Student organizations may not reserve space for any times declared as official university examination periods.

Failure to notify the Director of Student Life and Leadership and Facilities Department of a cancellation or change in event plans may result in the loss of facility usage privileges and/or charges to the department/organization.

The University reserves the right to deny use of facilities for a group or event if it is programmatically or operationally infeasible to accommodate or if the group or event is in conflict with the University's mission, policies, or regulations.

FUNDRAISERS

A fundraiser is defined as any activity, event, project, or program conducted by an organization that involves solicitation of funds from persons other than its members. These guidelines have been established to ensure that student organization fundraising activities are conducted in accordance with university policy and applicable law(s).

Only registered student organizations shall be permitted to hold fundraising activities. Each registered student organization is permitted to conduct two (2) approved fundraisers during each academic semester. Summer sessions are excluded.

To begin the process, a completed Request for Fundraiser Form must be submitted to the Office of Student Life and Leadership at least two (2) weeks prior to the proposed activity, signed by both the president and advisor of the organization. Forms can be obtained in the Office of Student Life and Leadership. Fundraising activities are approved during a specified period of time only. Organizations should not begin any solicitation of funds until written approval of the fundraising request has been received.

No door-to-door solicitation shall be permitted in any university building including, but not limited to, residence halls. Off-campus dances and/or parties as fundraisers are not permitted.

Organizations that wish to set up tables to solicit may do so only in the following designated areas, upon approval of the Office of Student Life and Leadership:

- TV Lounge and/or Plaza of K. W. Green Student Center
- Lobby of Crawford-Zimmerman Service Complex
- Designated areas of Cafeterias

Facility usage forms and fundraising request forms must be approved prior to setting up a table for solicitation.

Approval/denial of the organization's fundraising request will be provided in writing and signed by both the Coordinator for Student Activities and the Director of Student Life. Once approved, the organization can proceed with its plans. Requests can be resubmitted once the identified reasons are addressed.

Organizations wishing to host fundraising events for non-SCSU student guests to attend must utilize the guest registration system with the Office of Student Life and Leadership. Organizations are required to maintain records of receipts and expenditures for a period of three years and shall make such records available upon request by the appropriate university official. Any changes to the approved fundraising request should be cleared by the Office of Student Life and Leadership.

TRAVEL

Students who refuse to complete a required waiver and release form for travel with a University department or organization shall be excluded from the event or activity. Signed forms shall be retained in the Office of the Vice President for Student Affairs and in the office of the area responsible for the travel. For example, the Athletics Department will also retain release forms for its student-athletes, and the Director of Bands Office will also retain release forms for its band members. Waiver and release forms shall remain on file with the respective offices for seven (7) years from the date of travel. Students required to report to other locations as a requirement of a course **are not required** to sign a waiver agreement form.

Students traveling on approved trips may receive funds for meal money or reimbursement in accordance with University protocol and state regulations. Sponsoring departments should consult with the Finance

Division at least 30 days in advance of travel. Sponsoring departments should also complete the Off-Campus Student Activity Report for Insurance Coverage <http://www.scsu.edu/files/OffCampusActivityReport.pdf>.

STUDENT RIGHTS & RESPONSIBILITIES

GRADE APPEAL PROCESS

A student may appeal a course grade if the student has evidence that the grade was assigned in a malicious, capricious, erroneous, or arbitrary manner. The steps that follow provide a guideline for the appeals process. All persons concerned with this process should make every attempt to adhere to the time schedule outlined in the process. No appeal will be entertained more than one year following the date the grade was assigned.

1. APPEAL TO THE COURSE INSTRUCTOR FOR REVIEW OF THE ASSIGNED GRADE

- a. Within three (3) weeks after the beginning of the next term, excluding Summer School, the student should discuss the assigned grade with the course instructor. If it is found that the assigned grade is incorrect in the judgment of the instructor, he/she will initiate the appropriate change. If the change is made at this point, the matter is concluded.
- b. If the course instructor is no longer with the University, the student should confer with the department chairperson who will then make every effort to receive written input concerning the matter from the former instructor regarding the grade, then the student may appeal the grade using the procedures that follow and the department chairperson will represent the interests of the instructor who issued the grade.

2. APPEAL TO THE DEPARTMENT CHAIRPERSON

- a. If the question of the assigned grade cannot be resolved between the student and the course instructor, the student may appeal in writing to the chairperson of the department in which the course was taught. If at all possible, the written appeal to the chairperson should be made at the end of the fourth week of the term. The student should also include all known information relating to the appeal with the written appeal. After receiving such an appeal in writing from the student, the chairperson shall review with the course instructor the substance of the student's appeal and seek to determine its validity.
- b. If the chairperson determines that the assigned grade is, in his/her judgment inappropriate, the chairperson should recommend to the course instructor that the grade be changed. The course instructor may or may not concur with the chairperson's recommendation.
- c. The chairperson will notify the student in writing, usually within ten (10) days of the appeal, to indicate whether or not the assigned grade will be changed by the course instructor. If the grade is changed to the student's satisfaction, the matter is concluded. If the grade will not be changed, the chairperson will also advise the student of the right to appeal to the dean of the school within which the grade was assigned.
- d. If the grade will not be changed, copies of all written communications mentioned above should be sent by the chairperson to the dean of the school.

3. APPEAL TO THE DEAN

- a. If the grade is not changed to the satisfaction of the student at the departmental level, a student may appeal the assigned grade, in writing, to the dean of the school within which the course was offered. With the written appeal, the student should provide all information possible relating to the appeal. The written appeal to the dean of the school should usually be within one (1) week of receipt by the student of the notice from the department chairperson. The dean will meet with the student to discuss the facts and contentions pertinent to the grade appeal. The dean will also meet with the instructor and the chairperson to gather all relevant information concerning the course, its grade structure and the assignment of the grade to the student making the appeal. Following these meetings, the dean shall make a recommendation concerning the student's appeal to the department chairperson and the course instructor. If this results in the

change of grade to the student's satisfaction the matter is concluded.

b. If the resolution to the student's grade appeal is not obtained the committee shall conduct a hearing and shall review all pertinent information presented by the student, the course instructor, the dean and any others who may be called to assist the committee through the procedures outlined above. The dean shall request a review of the student's appeal by a committee comprised of three (3) faculty members and three (3) undergraduate students, all of whom have voting privileges. This committee will be appointed by the dean unless a standing committee already exists.
